3. Exhibitors exhibiting 6 or more animals will receive one exhibitor pass (see #2) and one helper pass (for each additional 6 animals brought to the fair) free, for just the time frame for that exhibit. **Each person entering the gates must have a ticket. All tickets can be purchased in advance with the entry blank.** Helper passes are available. Please see entry blank to order.
4. The entry fee is \$3.00 for each single and group entry. All animals shown in the groups must be entered in the individual classes. All production classes must be pre-entered. All entry fees must be paid in full at time of entry deadline. Late entries will be charged an additional \$5.00 fee per class entered. Late entries will not be accepted after Monday the week before the open show.
5. The Judge will give reasons for placing.
6. The Society will take every precaution possible for the safekeeping of all exhibits, but assumes no responsibility in case of loss or damage to person or stock or other exhibits and, upon these conditions only, are entries received.
7. Though not required, leadsmen should consider wearing white clothing in the ring.
8. Minimum age for calf at show time is 3 months. Ownership of calf must be at least 30 days.
9. The Fair Dairy Committee will be the final authority regarding Dairy show matters for the open class.
10. Animals with ringworm, lice or pink eye will be rejected.
11. If cattle with warts are offered for exhibition they are to be rejected. This will apply even if the warts are surgically removed after arrival of the animal at the Fair. Presumably the virus would remain in or on such an animal for a period after excision of the wart itself. If animals arrive on the Fair premises without warts, they can be accepted even though there is some evidence to suggest that the warts were recently removed.
12. For complete health regulations see part 351 for Health Regulations or go to the New York State Agriculture and Markets website http://www.agriculture.ny.gov/AI/Fair_Health_Requirements.pdf
13. The registration certificate will be considered proof of identity, parentage, birth date, ownership and breeder. CERTIFICATES MUST BE AVAILABLE UPON REQUEST TO FAIR PERSONNEL AT ALL TIMES DURING THE FAIR. ONLY CATTLE REGISTERED WITH RESPECTIVE BREED ASSOCIATIONS MAY BE SHOWN.
14. Substitutions can be made 24 hours prior to the start of the dairy show. Same Breed, Same Class, NO exceptions. All other are LATE ENTRIES and must meet the late entry rules. Substitute animals must have valid health papers. Subject to space availability.
15. Livestock, cattle, horse trucks and trailers are to park in the far side of the infield of the racetrack.
16. Exhibitors are responsible for clean up at wash rack after use, also at any time when moving cattle to or from wash rack, milking parlor and show ring. They must also maintain a neat stall area.

17. Exhibitors are responsible for clean up at their area before leaving the Fairgrounds. **Please do not put any garbage in the manure pit – this includes paper towels and trash.** Hay and animal waste only. Garbage containers are provided for garbage.
18. Exhibitors are required to wear shirts and shoes while on the Fairgrounds.
19. A milking parlor is available. The parlor has three (3) ties stalls with one (1) stall cock. The hours of operation will be subject to the discretion of the milking parlor operator. Abusive behavior will not be tolerated and that person(s) will be removed from the Fairgrounds and premium money will be forfeited.
20. The parlor is operated by strict health requirements for fluid milk. NO cow will be milked in the milking parlor that:
 - 1) Is producing colostrum milk
 - 2) Is producing mastitis milk
 - 3) Is producing flaky milk
 - 4) Is being treated with an antibiotic
 - 5) If your cow's milk cannot go in the tank, please plan ahead, and bring a bucket milker to use. Unmarketable milk is disposed of in the manure pit.

These guidelines are the only means of assuring a possible market for the milk. If any of the aforementioned is detected in a tank, the entire tank of milk must be disposed of.
21. Milk sale proceeds, if any, will be contributed to an exhibitor's picnic Wednesday prior to the open dairy show.
22. **ALL medical sharps or medical waste products MUST be disposed of properly.** Medical waste receptacles are available near the end of the animal barns. **DO NOT**, under any circumstances, throw sharps in the trash cans, manure pit, feed bags or bedding. **ANY** exhibitor failing to follow this procedure will automatically **FORFEIT** all prize money and **WILL NOT BE ALLOWED TO SHOW** at the Allegany County Fair for **THREE CONSECUTIVE YEARS**.
